

**EXHIBIT Q**

Good afternoon,

In response to the Receiver's Proposed Plan, I would like to review the revenue that my assigned website ([REDACTED]) was generating during the time it was being managed by the Income Store.

1) Name of

Website: [REDACTED], formerly [REDACTED]

2) Timeframe: June 2010 through December 2019

Also, if I choose to sign a release, I would like to be provided with the passwords to website hosting, the social media accounts associated with my assigned website as well as passwords and programs used for the creation of the [REDACTED] app available in the Apple Store and Google Play. I believe that all revenue generated by my site was through AdSense. I need all account information for AdSense as well.

**As such, I request that the Election of Remedy on page 9 reflect not only "Turnover of Website(s)/Domain Names(s)/URL(s) to Investor" but including but not limited to passwords related to website hosting, social media, apps, and revenue generators.**

Thank you,

[REDACTED]
